

## DESCRIPTION

KSIX UV Film Screen Protector Film, transparent in colour and with a glossy finish, is highly resistant to any kind of impact thanks to its UV reinforcement. The pack includes 10 units of 8x12 cm. A UV lamp is necessary to complete the hardening process of this protector and to achieve maximum resistance. The UV light reinforces the protector's resistance even more.

### UV reinforcement for better protection

This type of protector with a thickness of  $0.175\pm 0.01$ mm offers increased hardness thanks to its UV technology. Once the protector is in place, you must apply UV light for a few seconds (approx. 30 seconds), with the help of a UV lamp designed for this purpose, in order to complete the process of hardening the protector.

### High impact protection

Made of TPU, it cushions any bumps and protects the mobile screen from scratches or falls. After applying the light, you will get up to = 3H hardness on the screen of any device.

### Compatible with any terminal

The UV film is universal for screens smaller than 18x12cm. Thanks to the KSIX Automatic Cutting Machine, you can obtain customised screen protectors for any model and brand of mobile phone or gadget.

### About the Automatic Cutting Machine

The ideal solution for stores that want to optimize their space and avoid obsolescence or being out of stock at the same time.

### Integrated app

With WiFi connection and an integrated App which works with a touch panel. This lets you set the cut according to the device.

### Maintenance included

Its extensive database of mobile terminals, gadgets and Tablets is updated daily with the latest market developments. Therefore, brands and models of all different devices will always be available.

### Profitable

Each hydrogel film brings a great margin that will quickly make up for the machines cost. In addition, it allows you to save money as you won't need to buy a different protector for each device model.

### 2-year warranty and technical attention

The Automatic Cutting Machine includes a 2-year warranty as well as personalized advice from our technical and commercial staff, so that you can get the most out of it.

## TECHNICAL SPECIFICATIONS.
