

DESCRIPTION

Multicolor ambient light Up to 7 colors to create the ambiance you need. Cool and warm colors: red, green, violet, blue, pink, yellow and white. This lamp can create any kind of atmosphere. Wireless speaker with TWS capability With 5W output, the lamp will liven up the room while also being a powerful speaker. Thus, it will not only create visual atmosphere, but also acoustic atmosphere. It is worth mentioning that when purchasing 2 lamps, they can be linked together to realize True Wireless Stereo (TWS) function. Remote control It includes a remote control with which you can choose the shades of light, the intensity of brightness, control the playback of music or even use the mode in which its colored lights follow the musical rhythm. Transportable Thanks to its PU handle, Bubble Lamp can be transported anywhere, thus making all meetings more enjoyable. Wireless player It is possible to connect a USB memory with up to 32 GB to play your music files. Technical information Multicolor ambient light Up to 7 colors to create the ambiance you need.
