

DESCRIPTION

Change the style of your Apple Watch, your KSIX Urban3 (2023) or your KSIX Urban2 with this premium silicone strap. The best way to set the trend wherever you go. Easy to swap one for the other, it only takes a couple of seconds!

Compatible with various models

This strap is compatible with well-known models such as the Apple Watch or with our own models such as the new KSIX Urban3 (2023) or our successful KSIX Urban2. How do you know if your KSIX Urban3 corresponds to the new 2023 version? Very simple! Pair it with your mobile phone and if the name that appears in the Wireless is "KSIX URBAN 3 PRO" this strap goes with you. Otherwise, we advise you to look for a strap compatible with the first version of KSIX Urban3 (2022).

Made for Apple Watch

This strap has a width of 42, 44 mm, which means it is compatible with 42 and 44 mm dials like those of the Apple Watch. The perfect strap to personalise your Apple Watch to your own taste.

Top quality materials

Made of silicone, a skin-friendly, hygienic and highly durable material that fits your wrist in the best possible way.

Easily interchangeable

Its system is very simple, which makes it a very easy accessory to fit and change. In just 2 seconds you will have a completely renewed smartwatch.

Various colours available

This strap model is available in other colours, so you can change it depending on how you want to combine it.
