

DESCRIPTION

The perfect charging accessory for IOS devices
This sync & charge cable incorporates a Lightning connector and has been designed specifically to charge Apple devices which incorporate this port. It has a USB type A connector and it's perfectly compatible with 2.4A fast charging. It's 10 cm long and it's ultra-resistant. Perfect for power banks
Due to its 10 cm length, this sync & charge cable USB A to Lightning is perfect for power banks.
Ultra-resistant This cable is flexible and resistant. Thanks to these qualities and its 10 cm length, it is possible to carry it in a purse or backpack without worrying about the cable getting tangled or damaged. Compatible with fast charging
Connecting it a power bank and to a device, both compatible with fast charging (such as iPhone X, iPhone 8 and iPhone 8 Plus), the charge will be a 2.4A fast charge.* *If the power bank or the device are not fast charging compatible, the charge will be completed at normal speed. Data transfer This cable can be used to transfer data from an iOS device to a Mac or PC in a simple and safe way.
Made for iPhone The Made for iPod, Made for iPhone and Made for iPad certification this cable has means that this electronic accessory has been designed to connect specifically to iPod, iPad or iPhone respectively. It also ensures that it has been certified by the developer to meet Apple performance standards. Charge your devices with the guarantee of knowing that you're using an excellent quality and perfectly compatible accessory. Main features Sync & charge cable
