

DESCRIPTION

Protection and style with Hybrid hard covers for iPhone 6 Ultrathin rigid case to protect your iPhone 6 from scratches and accidents. These cases are designed by KSIX Mobile Tech. The back part is a solid color, and the edges are metallic to match the iPhone. The back part lets the Apple logo is visible. The side controls of the smartphone match similar ones placed in the case, for a nice control to audio volume and locks. The case fits perfectly with the rounded edges of the new iPhone. It allows an easy access to Multi Touch screen, camera and connectors. It is available in different colours. Technical specifications: Hybrid hard case KSIX for iPhone 6. Material: Thermoplastic poliuretane. Metallic color edges. Back in a solid color. A Thin extra protection in the front to protect the screen from the table flat surface. The back piece lets the Apple logo visible. Available in others colours.
