

DESCRIPTION

Charge your devices at full speed with Contact's USB-C wall charger. The incorporation of PPS and Power Delivery advanced technologies, together with 20W of power, provides fast, efficient and safe charging for all your devices. With a USB-C port, the current market standard for connectivity, for maximum compatibility with all types of devices. All this in a minimalist white design with a very reduced size and weight.

Dynamic and efficient charging with PPS

Thanks to Programmable Power Supply technology, the charger offers much more efficient and controlled charging than conventional chargers by dynamically adjusting the power output to match the specific needs of the device in real time. This charging technology is compatible with devices such as Samsung Galaxy S20 Series, S21 Series, S22 Series and later; Samsung Galaxy Note 10+; Samsung Note 20 Series and later; Google Pixel 4 Series and later; among others. The charger is also compatible with any type of device with a USB-C or Lightning port.

Power Delivery fast charging

The charger features Power Delivery, a fast and efficient charging technology optimised for iPhone, Samsung and Xiaomi devices, which also offers compatibility with models from brands such as Google, Realme, OnePlus and many others. This charging technology offers significantly more power than conventional chargers, allowing you to charge your devices at maximum speed.

USB-C for maximum compatibility

The power charger features a USB-C port, the market's universal standard. This port offers fast charging with up to 20 W of power so you can charge your devices in no time at all. In addition, it provides full compatibility with all brands and devices, be they smartphones, tablets, earphones, powerbanks and more.

Compact minimalist design

The Contact USB-C wall charger has a minimalist design in white. With dimensions of only 8 x 4,5 x 2,3 cm and a light weight of 43,2 grams, you can take it with you wherever you go in total comfort, as it fits in any pocket, backpack or bag. Whether you stay at home or you're on the road, this charger will always be with you to keep all your devices on battery.
