

DESCRIPTION

Screen protector film, Flexy Film Anti Blue Light by KSIX, with high resistance against any type of impact. The pack includes 10 units of 8x12 cm. KSIX Flexy Film is also available in a 50-pack.

High protection against impacts

Made with TPU in order to absorb any shock and protect the mobile screen from scratches or breaking.

Compatible with any terminal

Flexy Film is universal for screens whose dimensions are less than 18x12cm. Thanks to the KSIX Automatic Cutting Machine, customized screen protectors are obtained for any mobile brand or model as well as for any gadget.

Anti-blue light filter

Specially designed to protect the screen and reduce visual fatigue caused by constantly looking at the screen, thanks to its anti-blue light filter.

About the Automatic Cutting Machine

The ideal solution for stores that want to optimize their space and avoid obsolescence or being out of stock at the same time.

Integrated app

With WiFi connection and an integrated App which works with a touch panel. This lets you set the cut according to the device.

Maintenance included

Its extensive database of mobile terminals, gadgets and Tablets is updated daily with the latest market developments. Therefore, brands and models of all different devices will always be available.

Profitable

Each hydrogel film brings a great margin that will quickly make up for the machine's cost. In addition, it allows you to save money as you won't need to buy a different protector for each device model.

2-year warranty and technical attention

The Automatic Cutting Machine includes a 2-year warranty as well as personalized advice from our technical and commercial staff, so that you can get the most out of it.
