

## DESCRIPTION

The KSIX Flex Cover 360 completely surrounds your smartphone for the best protection. It is composed of two TPU flex covers, one for the back side and the other one for the front side of your mobile phone. Both covers are made of transparent TPU with an anti-slip texture that improves the grip of your device. The front cover allows you to use the screen tactile functions. Its flexible material allows you to easily set and remove your mobile device. Excellent protection against dust and scratches, with access to all smartphone buttons and connectors without removing the case. Technical Information KSIX Flex Cover Set of two TPU covers to completely protect your smartphone: one for the front side and one for the back side The front side cover allows you to use the screen tactile functions Access to buttons, connectors and cameras Ultra thin Anti-scratch and anti-dust protection Easy to install and remove Material: Flexible TPU
