

DESCRIPTION

Join the USB 3.0 revolution with the KSIX USB-A to USB-C cable and experience data transfers up to 10 times faster than with a standard cable. Capable of delivering up to 60 W of power, it's the perfect choice for charging a wide variety of devices in record time. Plus, its 2-metre length guarantees you much more convenient charging.

USB 3.0: 10 times faster

The KSIX USB-A to USB-C cable features USB 3.0 technology, which offers an impressive data transfer rate of up to 5 Gbps - 10 times faster than the USB 2.0 standard. With this powerful capability, you can transfer files of all types and sizes between your devices instantly, streamlining your connectivity experience.

Ultra fast charging for all your devices

With the KSIX USB-A to USB-C cable you will experience ultra-fast charging thanks to its 60 W of supported power. Its compatibility extends to a wide range of devices with a USB-C charging port, from smartphones and tablets to wireless headphones, powerbanks and many others.

2 metres of comfort

With a length of 2 metres, the KSIX USB-A to USB-C cable will give you the ability to charge your devices from a comfortable distance while in use, without limitations. Plus, it's made of PVC, a tough and flexible material that ensures a longer cable life for worry-free everyday use.
