

DESCRIPTION

This metal stand, with folding design, is the ideal accessory to include on your desk or bedside table, as it will help you watch your favorite movies and series, make video calls or simply view notifications in a much more comfortable way. It is compatible with devices up to 9.7" and up to 1.5kg in weight, such as smartphones, e-books or tablets. Its 180° rotation will allow you to adjust it according to your needs and its non-slip fasteners will offer you great stability, preventing your devices from falling.

For all your devices

This desktop stand is compatible with all smartphones, tablets and e-books up to 9.7" inches and 1.5 kg in weight, such as the iPhone 15 Pro Max, Samsung Galaxy S10+, Google Nexus and Kindle models.

Folding system

Fold it completely and in 2 easy steps and save space. With a light weight of only 110g, it is easy to carry in your pocket or bag. The best companion for your work, daily life, business travel and vacation.

Get the ideal angle

This stand offers a 180° rotation that easily adjusts to the ideal position you are looking for. Free your hands and have everything you need at your fingertips with this accessory to watch videos, play video games, read a novel, make video calls or follow recipes in a way you've never done before.

Security in the best format

Made from high quality carbon steel, our cradle locks firmly in place and holds your phone steady without worrying about any wobble, thanks to its non-slip base. In addition, the rubber pads on the stands protect your device from scratches and possible falls.

Organize your spaces

Keep your desk and nightstand tidy and always have your cell phone, tablet or e-book at hand with the help of this stand. Its design incorporates an opening that allows charging cables to pass through so you can charge your devices while you use it. In addition, its design allows you to organize the cables while charging your devices, keeping your nightstand cleaner and tidier.
