

DESCRIPTION

The Curved Extreme 3D KSIX Screen Protector is made of high-quality Asahi Japanese glass. It has level 9H resistance, the maximum on the Mohs scale. It is designed specifically for smartphones that have a curved screen and adds 4 hours of tempering, which translates into greater durability. It has high sensitivity and transparency. Its 0.3 mm thickness ensures a great touch sensitivity while maintaining all the benefits of the screen. It absorbs impacts and is resistant to shocks and falls, in addition to providing protection against breakage and scratch protection for the screen. It also has an oleophobic treatment, so it includes a layer of protection that repels grease, dirt, and liquids. This screen protector has been designed to install in the device with the KSIX Tempered Glass 9H Screen Protectors Universal Machine. KSIX is a brand from Atlantis Internacional. It has the largest collection of accessories designed to make the most of mobile devices. Each product is presented in a modern and attractive packaging, which stands out on any shelf. It offers personalized customer service and complete after-sales service.
